Job Description:

Company Name	Datavail
Position	Junior Developer
Qualification	Bachelor's Degree
Batch	Recent Batches
Experience	Freshers (0 – 2 Years)
Location	Hyderabad; Mumbai; Bangalore, India

Key Responsibilities:

- **EPBCS Configuration:** Configure EPBCS application components, including dimensions, forms, business rules, calculations, data mappings, and security settings. Maintain EPBCS metadata and planning applications to ensure accurate and efficient data consolidation and reporting.
- **Data Integration:** Integrate data from multiple sources, such as ERP systems and data warehouses, into EPBCS to support budgeting and planning processes. Develop data mappings, data load rules, and integration scripts as required.
- **Report Development:** Design and develop financial reports, dashboards, and data visualizations using EPBCS reporting tools. Ensure reports deliver meaningful insights to support business decision-making.

Eligibility Criteria:

- Bachelor's Degree
